### **To whom it may concern**

This letter is written to express our complete satisfaction with the services provided by the agency 'Locations & Ideas' in organizing various events for us and our clients.

We have worked with Michel Greulich, the owner of the agency, and his team on numerous events and they were always reliable and most professional about all the challenges they had faced. The flexibility and professionalism demonstrated by Michel Greulich were highly appreciated by our member companies as well as by our staff.

It's my pleasure to recommend the services of 'Locations & Ideas'. We certainly look forward to working with 'Locations & Ideas' again in the future.

Yours faithfully
